### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Re claim 11, page 4, line 1, change the phrase "said surface" to -a surface—

Re claim 12, line 1, change the term "said" to -a—

***Reasons For Allowance***

4. Claims 1-89 are allowable over the prior art of record.
5. The following is an examiner's statement of reasons for allowance: the prior art of record neither teaches nor make obvious the claimed limitation of the instant application as a whole as recited in claim 1. In particular, the prior art does not teach or suggest placing said workpiece in a processing zone of said chamber bounded by a chamber side wall and a chamber ceiling facing said workpiece and between a pair of ports of said chamber near generally opposite sides of said

processing zone and connected together by a conduit external of said chamber; introducing into said chamber a process gas comprising the species to be implanted; generating from said process gas a plasma current and causing said plasma current to oscillate in a circulatory reentrant path comprising said conduit and said processing zone.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
